

MSK SPORE in Lymphoma External Advisory Board Meeting
August 25, 2017
Room: RRL-117 8:00am-5:00pm

Agenda

8:00-8:40am	Breakfast	
8:45-9:00am	Welcome Remarks and Introduction to the MSK Lymphoma SPORE	<i>Anas Younes and Andrew Zelenetz, Co-Directors of the MSK Lymphoma SPORE</i>
9:00-9:30am	Project 3: Translating Stress Response Targeted Therapy for B-Cell Lymphomas	<i>Chiosis, Melnick, Fontan</i>
9:30-9:40am	Project Discussion	
9:40-10:10am	Project 1: Development of Mechanism-Based Therapy for Myc+/Bcl2+ Diffuse Large B Cell Lymphoma	<i>Wendel, Younes</i>
10:10-10:20am	Project Discussion	
10:20-10:35am	<i>Break</i>	
10:35-11:05am	Project 2: Autologous CD19 targeted 19-28z+ T cells for the treatment of relapsed diffuse large B cell lymphoma in transplant ineligible elderly patients	<i>Brentjens and C. Moskowitz</i>
11:05-11:15am	Project Discussion	
11:15-11:45pm	Project 4: Targeting Acetyltransferase Gene Inactivation in Diffuse Large B Cell Lymphoma	<i>Zelenetz, Pasqualucci</i>
11:45-11:55pm	Project Discussion	
12:00-1:00pm	<i>Lunch</i>	
1:00-2:00pm	Cores Administrative (20 mins.) Biostatistics and Bioinformatics (20 mins.) Biospecimen (20 mins.)	<i>Anas Younes Ai Ni Ahmet Dogan</i>

2:00-2:40pm	Career Enhancement and Developmental Research Programs	<i>Grommes, Batlevi, Vardhana, Wendel</i>
	<p>Projects:</p> <p>Christian Grommes “Characterizing and modulating the immune evasion landscape in Primary CNS Lymphoma disease models and patients” (10 mins.)</p> <p>Connie Batlevi “Characterization of clonal evolution using cell free DNA from lymphoma patients” (10 mins.)</p> <p>Santosh Vardhana “Mechanisms of response and resistance to checkpoint inhibitor-based treatments in lymphomas” (10 mins.)</p> <p>Guido Wendel/ Sara Parsa “Dissecting SHMT2 function as a metabolic driver of lymphomagenesis” (10 mins.)</p>	
2:40-2:55pm	<i>Break</i>	
3:00-3:10pm	SPORE/ SPORE Collaborations 15-180 - MRD study in DLBCL	<i>Kumar</i>
3:10-3:25pm	Horizontal and Vertical Collaborations	<i>All Attendees</i>
3:25-3:45 pm	Closing Remarks and Future Plans	<i>Younes and Zelenetz</i>
